

# 4Life Transfer Factor® Dog Soft Chews

## Daily Transfer Factor Treat

- Promotes wellness with a daily serving of 4Life Transfer Factor® E-XF™
- Provides a tasty reward for your dog's good behavior
- Low in calories

### What is 4Life Transfer Factor Dog Soft Chews?

4Life Transfer Factor® Dog Chews is a tasty treat for dogs of every size, fortified with a full daily serving of 4Life Transfer Factor® E-XF™ and other key nutrients. It provides the perfect reward for good behavior without adding too many calories to your pet's daily diet. The recommended serving is one treat per day and can be used in conjunction with 4Life Transfer Factor Canine Complete®.

### Key features

- Provides the perfect complement to your dog's daily nutritional diet or multivitamin program for as little as \$1 a day.
- Contains additional nutrients to promote good health
- Available in a re-sealable bag to help ensure freshness. Each bag includes a 30-day supply.
- Can be taken with 4Life Transfer Factor Canine Complete®

**DIRECTIONS FOR USE:** Give one (1) soft chew daily.

### Product Facts

Active Ingredients Per Soft Chew:

|                                                                                                                                                                                                                                                                                                                                   |               |
